

CITY OF CLAYTON, OHIO

RESOLUTION NO. R – 04 – 25 - 32

A RESOLUTION APPROVING AMENDMENTS TO THE PUBLIC RECORDS REQUEST POLICY FOR THE CITY OF CLAYTON RELATIVE TO COSTS ASSOCIATED WITH LAW ENFORCEMENT DASHBOARD CAMERA VIDEOS AND/OR BODY CAMERA VIDEOS

WHEREAS, House Bill 315, which goes into effect on April 3, 2025, permits jurisdictions to charge up to \$750 for the time it takes to review, blur or otherwise obscure, redact, upload, and/or produce copies of law enforcement dashboard camera video(s) and/or body camera video(s); and

WHEREAS, the proposed amended and attached Public Records Request Policy was approved by the Records Commission on January 16, 2025; and

WHEREAS, the City desires to update the Public Records Request Policy with specified amendments thereto as delineated in the appended *Exhibit A*.

NOW THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF CLAYTON, STATE OF OHIO:

1. That the City hereby approves and adopts the amended Public Records Request Policy for the City of Clayton appended hereto as *Exhibit A*.
2. The Clerk of Council is hereby directed to carry out all steps necessary to implement the attached Policy, including compliance with all posting requirements.

ADOPTED BY COUNCIL ON APRIL 3, 2025.

AUTHENTICATION:

Yves

Mayor (Presiding Officer of Council)

Clerk of Council

APPROVED AS TO FORM:

Law Director

CLERK

CLAYTON, OHIO PUBLIC RECORDS POLICY

MISSION STATEMENT

Openness leads to a better-informed citizenry, which leads to better government and better public policy. It is the mission and intent of the City of Clayton to at all times fully comply with and abide by both the spirit and the letter of Ohio's Public Records Act.

DEFINING PUBLIC RECORDS

A "record" is defined to include the following: A document in any format – paper, electronic (including, but not limited to, business e-mail) – that is created, received by, or comes under the jurisdiction of the City of Clayton that documents the organization, functions, policies, decisions, procedures, operations, or other activities of the office.

A "public record" is a "record" that is being kept by this office at the time a public records request is made, subject to applicable exemptions from disclosure under Ohio or federal law. All public records must be organized and maintained in such a way that they can be made available for inspection and copying.

RESPONSE TIMEFRAME

Public records are to be available for inspection during regular business hours. Public records must be made available for inspection promptly. Copies of public records must be made available within a reasonable period of time. "Prompt" and "reasonable" take into account the volume of records requested, the proximity of the location where the records are stored, the necessity for any legal review and redaction, and other facts and circumstances of the records requested.

It is the goal of the City of Clayton that all requests for public records should be acknowledged in writing or, if feasible, satisfied within three business days following the office's receipt of the request.

HANDLING REQUESTS

No specific language is required to make a request for public records. However, the requester must at least identify the records requested with sufficient clarity to allow the office to identify, retrieve, and review the records.

The requester does not have to put a records request in writing and does not have to provide his or her identity or the intended use of the requested public record(s). It is this office's general policy that this information is not to be requested. However, the law does permit the office to ask for a written request, the requester's identity, and/or the intended use of the information requested, but only if (1) a written request or disclosure of identity or intended use would benefit the requester by enhancing the office's ability to identify, locate, or deliver the public records that have been requested; and (2) the requester is first told that a written request is not required and that the requester may decline to reveal the requester's identity or intended use.

In processing the request, the office does not have an obligation to create new records or perform a search or research for information in the office's records. An electronic record is deemed to exist so long as a computer is already programmed to produce the record through the office's standard use of sorting, filtering, or querying features. Although not required by law, the office should consider generating new records when it makes sense and is practical under the circumstances.

In processing a request for inspection of a public record, an office employee may accompany the requester during inspection to make certain original records are not taken or altered.

A copy of the most recent edition of the Ohio Sunshine Laws Manual is available via the Ohio Attorney General's website (www.OhioAttorneyGeneral.gov/YellowBook) for the purpose of keeping employees of the office and the public educated as to the office's obligations under Ohio's Public Records Act, Ohio's Open Meetings Act, records retention laws, and the Personal Information Systems Act.

ELECTRONIC RECORDS

Records in the form of e-mail, text messaging, and instant messaging, including those sent and received via a hand-held communications device, are to be treated in the same fashion as records in other formats, such as paper or audiotape.

Public record content transmitted to or from private accounts or personal devices is subject to disclosure. All employees or representatives of this office are required to retain their e-mail records and other electronic records in accordance with the applicable records retention schedules.

DENIAL AND REDACTION OF RECORDS

If the requester makes an ambiguous or overly broad request or has difficulty in making a request such that the office cannot reasonably identify what public records are being requested, the request may be denied, but the office must then provide the requester an opportunity to revise the request by informing the requester of the manner in which records are maintained and accessed by the office.

If the office withholds, redacts, or otherwise denies requested records, it must provide an explanation, including legal authority, for the denial(s). If the initial request was made in writing, the explanation must also be in writing. If portions of a record are public and portions are exempt, the exempt portions may be redacted, and the rest must be released. When making public records available for public inspection or copying, the office shall notify the requester of any redaction or make the redaction plainly visible.

COSTS

Those seeking public records may be charged only the actual cost of making copies and not labor, except for labor costs associated with reviewing, blurring, or otherwise obscuring, redacting, uploading, or producing the video records of law enforcement dashboard camera videos or body camera videos per the policy below. The charge for paper copies is

.05 cents per page. The charge for electronic files downloaded to a compact disc is .25 cents per disc and \$4.00 for a flash drive.

The requester may choose whether to have the record duplicated upon paper, upon the same medium on which the public record is kept, or upon any other medium on which the office determines that the record can reasonably be duplicated as an integral part of the office's normal operations.

If a requester asks that documents be delivered to them, he or she may be charged the actual cost of the postage and mailing supplies, or other actual costs of delivery. There is no charge for e-mailed documents.

Those requesting copies of law enforcement dashboard camera video(s) and/or body camera video(s) will be charged the actual costs associated with reviewing, blurring, or otherwise obscuring, redacting, uploading, or producing the video records which includes, but is not limited to, the storage medium on which the record is produced, staff time, and any other relevant overhead necessary to comply with the request at the rate of \$75.00 per hour, not to exceed \$750.00 per video.

A requester will be required to pay the estimated actual cost before beginning the process of preparing a video record for inspection or production. The obligation to produce a video or make it available for inspection begins once the estimated actual cost is paid in full by the requester. The requester shall be provided with the estimated actual cost within five (5) business days of receipt of the public records request. If the actual cost exceeds the estimated actual cost, the requester will be charged for the difference up to twenty percent higher than the estimated actual cost if the requester is notified in advance that the actual cost may be up to twenty percent higher than the estimated actual cost.

A requester may be required to pay in advance for the actual costs involved in providing paper documents.

MANAGING RECORDS

City of Clayton's records are subject to records retention schedules. The office's current schedules are available at 6996 Taywood Road, Englewood, OH 45322, a location readily available to the public as required by Ohio Revised Code § 149.43(B)(2).
